**BILL'S IN TROUBLE.**  
I've got a letter, Parson, from my son away out West.  
An' my ol' heart is heavy as an anvil in my breast.  
To think the boy whose futer I had once so proudly planned  
Should wander from the path o' right an' come to such an end!  
I tol' him when he left us, only three short years ago,  
He'd find himself a-pluvin' in a mighty crooked row;  
He'd miss his father's counsels and his mother's prayers, too;  
But he said the farm was hateful, an' he guessed he'd have to go.  
I know that's big temptation fur a youngster in the West,  
But I believed our Billy had the courage to resist.  
An' when he left I warned him of the ever waitin' snares  
That lie like hidden serpents in life's pathway everywhere;  
But Bill he promised faithful to be keeful, an' allowed  
He'd build up a reputation that'd make us mighty proud;  
But it seems as how my counsel sort o' faded from his mind,  
An' now he's got in trouble of the very worstest kind!  
His letters come so seldom that I somehow sort o' knowed  
That Billy was a-trampin' on a mighty rocky road,  
But never once imagined he would bow my head in shame  
An' in the dust'd waller his ol' daddy's honored name.  
He writes from out in Denver, an' the story's mighty short;  
I jess can't tell his mother—it'll crush her poor ol' heart!  
An' as I reckoned, Parson, you might break the news to her—  
Bill's in the Legislatur', but he doesn't say what fur!  
—The Irrigator.

The money consideration of Mr. John Altmyer in purchasing a half interest in The Evening Bulletin amounted to \$3,000. In view of Mr. Altmyer's long connection with the paper—covering over twenty-five years service—the price paid is far below the value of the interest of which he becomes owner.

As a book of reference it is invaluable, so indexed that the information sought can be readily obtained. The busy man or woman will find the book a library in itself. ## A DANGEROUS HABIT

**People Should Not Walk Under a Moving Freight Train**

It is not infrequent that trivial things turn out to be very serious. Those who have occasion to wend their way to and fro across Limestone bridge have become oblivious of the danger they incur in walking underneath the C. and O. viaduct that spans Bridge street, while a train is in motion.

Last evening while a Westbound coal train was crossing over a couple, heedless of the danger, passed under the bridge, and as they did several large lumps of coal jolted off the car and fell dangerously near them. Had they been struck on the head by the coal it is likely they would have been killed.

It is safe to say the incident has cured them of ever again attempting to pass under while a train is crossing over. It is exceedingly dangerous, and those who continue to do so, after this warning, are simply courting a mishap and are not entitled to sympathy should they meet with an accident.

By the way, how about the light that Council ordered placed in position nearby that pedestrians might pass this spot without having to grope their way in the dark?

## DISAPPOINTED

**The Tobacco Works in the East End Not Ready to Start**

A report was in circulation that the Continental Company's plant in the East End would start up yesterday morning.

As soon as dawn broke men began to assemble, and it was not long before a small army had gathered, all eager to find employment.

They were disappointed, however, as the works are not quite ready to begin operations. It demonstrated one thing—that this city has a vast number of honest, idle men who are ready and eager to work if the opportunity to do so presented itself.

All men seen congregated on corners are not loafers from choice—of course, among the number there are chronic and worthless idlers—they are there simply from the fact that there is nothing going on at present to give them employment.

When the big plant is ready the Managers will have no difficulty in securing all the help they want, and good help at that, too.

It's manufacturing that make a live and thrifty city, and that is something this city still lacks, although in the past three years she has forged ahead considerably in that respect.

Let the wheels of industry multiply until Maysville is what her natural resources demand she should be—a great manufacturing center.

## NE LIEM HENRY IN "M'LISS."

One of the happiest combinations of love and adventure, comedy and tragedy, pathos and humor, that has ever been done in a melodramatic play is to be found in Bert Harte's delightful story of "M'Liss," which has pleased theater-goers for many years. At the time of its production some years ago it was the greatest success of its year, and at the time of its revival it was found to have lost none of its vogue. "M'Liss" is to be the attraction at the Washington Opera-house Monday night.

## THOU SHALT NOT KILL.

Many people believe that hypnotism will eventually be used in the Courts as a means of bringing criminals to justice. Frederick Schwartz, in his dramatization of Count Leo Tolstoi's daring pamphlet, "Thou Shalt Not Kill," has preceded the Courts and has made this wonderful science the means whereby the guilty are brought to justice. There is a mysterious murder in the play and the guilty one accuses the hero of being the murderer. From circumstantial evidence he is guilty beyond a doubt, but there is a girl who believes firmly in his innocence. She possesses the power of hypnotism, which she uses to establish his innocence and bring the real murderer to justice. At The Washington tonight. Seats now on sale at Ray's.

## Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventative of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to anything else. The fact is that few people are satisfied with any other after having used this remedy. For sale by all Druggists.

## D. HECHINGER & CO.

It is exceedingly gratifying to merchants when the public takes interest in their advertising. It is furthermore complimentary to the intelligence of the public that they readily select the grain from the chaff. Our last week's ad to close out some lots of our very choicest SUITS and OVERCOATS at way below their value attracted many that did not actually want to buy any more clothing this season, but the quality of the goods and the price we are selling them for now were irresistible "They bought." During this cold snap we want to get rid of our surplus of heavy Ulsters and Storm Coats. If you have half an apology to buy one you will save no less than almost half their value.

## River News

The Higginsport wharfbarge was wrecked by ice.

The river is falling from Pittsburgh to below Catlettsburg.

The Pittsburgh coal fleet has passed down without accident, so far.

The Charles Brown and Ironsides added to their tow at Cincinnati and went on South. Each of the boats had twenty-two barges and coalboats.

The big towboat Sprague passed this city at 4 o'clock yesterday morning. The passing at this early hour was a disappointment to many who were anxious to see her.

Captain Sam Coffin, the veteran steamboat man and builder, is very sick at his home in Covington. For seven years he was the proprietor of the Queen City Marine Ways and built many fine boats.

The breaking of an immense gorge which formed four miles above Louisville threatened for a time to destroy a number of steamboats, coal barges and wharfbarges in the Louisville harbor Tuesday. Fortunately the river was at a stage which allowed the Government Dams ahead of the Falls to check the gorge, and the only actual loss consisted of the sinking of one coal barge owned by the Atlas Coal Company and containing 2,000 bushels of coal, some slight damage to the steamer Morning Star and a few other small mishaps.

The theory has been advanced that the explosion which destroyed the towboat Fred Wilson at Louisville last April, with the loss of 11 lives, was not due to the boilers, but to dynamite. There had been a strike among the employees before the boat left Pittsburgh and two of the firemen killed had taken the places of the regular men. It is said that the condition of the boilers indicates that a dry boiler could not have caused the explosion and that the fact that the boat was torn to pieces in every way indicates that some tremendous explosive and not steam was the cause.

## What to Do If Constipated

Q. What is the beginning of sickness?  
A. Constipation.  
Q. What is Constipation?  
A. Failure of the bowels to carry off the waste matter which lies in the alimentary canal where it decays and poisons the entire system. Eventually the results are death under the name of some other disease. Note the deaths from typhoid fever and appendicitis at the present time.  
Q. What causes constipation?  
A. Neglect to respond to the call of Nature promptly. Lack of exercise. Excessive brain work. Mental emotion and improper diet.  
Q. What are the results of neglected Constipation?  
A. Constipation causes more suffering than any other disease. It causes rheumatism, colds, fever, stomach, kidney, lung and heart troubles, etc. It is the one disease that starts all others. Indigestion, dyspepsia, loss of sleep and strength are its symptoms—piles, appendicitis and distula are caused by Constipation. Its consequences are known to all physicians, but few sufferers realize their condition until it is too late. Women become confirmed invalids as a result of Constipation.  
Q. Do physicians recognize this?  
A. Yes. The first question your doctor asks you is "Are you constipated?" That is the secret.  
Q. Can it be cured?  
A. Yes, with proper treatment. The common error is to resort to physics, such as pills, salts, mineral water, castor oil, injections, etc., every one of which is injurious. They weaken and increase the malady. You know this by your own experience. Just the opposite effect is what you need.  
Q. What then should be done to cure it?  
A. Write to Mull's Grape Tonic Co., 217 3d Avenue, Rock Island, Ill., who will send you a free bottle of Mull's Grape Tonic and instructions how to positively cure Constipation and in the shortest space of time. No other remedy has before been known to cure Constipation positively and permanently.  
Q. What is Mull's Grape Tonic?  
A. It is a Grape Compound that exerts a peculiar healing influence upon the intestines, strengthening the muscles of the alimentary canal so that they can do their work unaided. The process is gradual but sure. It is not a physic. It is unlike anything else you have ever used, but it cures Constipation. Having a rich, fruity grape flavor, it is pleasant to take.  
Q. Where can Mull's Grape Tonic be had?  
A. Your druggist sells it. The dollar bottle contains nearly three times the 50-cent size, but if you write TODAY you will receive the first bottle free with instructions. This test will prove its worth.

Hon. John W. Rodman, one of Frankfort's leading lawyers, was in the city yesterday on legal business.

German newspapers report that during the fiscal year ended March 31st, 1904, British East India imported 4,069,000 gallons of beer, of which 3,830,000 gallons came from England. In addition to this the twenty-seven breweries in India produced 6,471,860 gallons.

An experiment is to be made this season in the St. Lawrence river with an ice breaker, the object of which is to demonstrate that navigation between Montreal and Quebec can be extended from three weeks to a month later than usual, the season generally closing about November 25.

Official statistics tell us that 3,306,487,215 cigarettes were manufactured in this country during the past fiscal year. If the population of the United States is 80,000,000, if half that number (40,000,000) are males, if three quarters of them (30,000,000) are of smoking age, and if one-third of the 30,000,000 smoke cigarettes, we have 3,306,487,215 cigarettes to divide in a year among 10,000,000 persons, or only about 336 apiece, which is less than one every day.

### HIGHEST PRAISE.

Some Maysville Citizens Grow Enthusiastic on the Subject.

The praise of the public is merit's just reward. Nothing in modern times has received the praise accorded "The Little Conqueror."

Of some kinds of praise we are skeptical. We doubt the praise of strangers. The highest praise for Maysville people is hearty expression from Maysville people. Doan's Kidney Pills are endorsed in Maysville. No better proof of merit can be had. Here's a case of it. We have plenty more like it.

James D. Tolle, clerk at Wood Bros. Men Market and living at 117 Short street, Maysville, Ky., says:

"I was troubled a great deal for some time with constant heavy pain in the small of my back and over the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent, and there was a scalding, burning sensation at times. Hearing of Doan's Kidney Pills I began using them, and finding great benefit, continued the treatment until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills and feel justified in strongly recommending them to others."

For sale by all dealers. Price 50 cents a box. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

A BIG WILDCAT

One Captured on Kinney Mountains  
Vicious Looking Beast

Yesterday morning Claude Price, the Mt. Carmel bus driver, drove up to the Market street entrance of the Postoffice, and soon after had gathered around him a goodly crowd of inquisitive people.

Besides mail matter he had aboard his bus a Lewis county wildcat. The feline was over three feet long, fifteen inches high and weighed over forty pounds. It had teeth at least a half inch long, and plenty of them, too. Its paws were massive with sharp nails about an inch long, and the eyes were large and round. It was the most vicious looking animal you ever saw, and full of fight.

It was caught in a trap by Peter Siem's boys on Kinney Mountains in Lewis county, near where the Crow people were killed.

It was addressed to Charles Weber and a Mr. Harrison of Augusta.

The dog that whips this varmint will certainly know that he was in a fight and up against a warm proposition.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Colman, a druggist at Pottersville, Mich. "They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by all Druggists.

WOMEN'S NEGLECT  
SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea. These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result. The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound. Miss Kate McDonald, of Woodbridge, N. J., writes: "Dear Mrs. Pinkham: I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women. For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is. If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful."

Born, yesterday morning, to Mr. and Mrs. John W. Bradford of Lexington street, a son. This makes even twenty children for John.
